The Princess by Lori Wick Goodreads

I first read Lori Wick's, The Princess shortly after it first came out in 1999. I still have that print copy on my bookshelf, tucked in nicely with other favorites from Lori Wick. I've read LOTS of books in the 20 years since and didn't remember much about the story other than the fact that I enjoyed it when I read it the first time.

Loren Amazon Princess Review. Loren Amazon Princess is a traditional RPG where you have to create your own character, choosing their gender and class, to join Princess Amazon on her epic adventure. Despite the story and characters being as important as in any other RPG, Loren Amazon Princess' biggest appeal is the detailed, in-depth combat system.

I know that Lori Wick's characters are often too perfect and innocent. And her writing style is a bit simplistic. But I just loved this story. I pictured the setting as something like the United States. In fact, while listening to this book, I couldn't help but to think that perhaps this was United States as a Kingdom. I found it quite interesting.

Spoilers Of vampires witches and death knights Loren

I like this game very much, but the story behind the N'Mar castle left me really confused. So, you have a witch, 2 vampires and a death knight. The witch says "go kill the death knight and come back with a gift" - I understood you have to have a special character for her to do that, and she'll still attempt to kill you, so I reached the conclusion that she's evil.
