A Qualitative Study Identifying Barriers and Facilitators

Background . Physical activity (PA) rates are lower in rural populations, compared to urban and suburban counterparts. Since PA is shown to decrease the risk of cancers and chronic diseases, increasing PA in rural environments is an important disease-prevention strategy. However, in order to develop effective interventions for rural populations, more research is needed.

Long term 10 year dental implant survival A systematic

1. Introduction 1.1. Rationale. Titanium dental implants have been in use for over 50 years and according to the literature [1,2] are a highly successful treatment option for the long-term (10-years plus) replacement of missing teeth. In clinical dental practice there are concerns as to whether this success rate is achievable in the general population of suitable dental patients [] and whether

1 Introduction

Analyses were compared by both team members, and an evaluation of discrepancies was also conducted by a third team member. After careful consideration and discussion among the three team members, adjustments were made to each codebook to address any ambiguity in the codebooks and process of analysis.
